

Mike Koschmeder has served on the Community Choice Credit Union Board of Directors since 2008. While volunteering on the Board, Mike has held leadership positions in the following roles: Board Secretary, Board Vice Chairman, and currently as the Board CFO. As a Board member, Mike helps champion the growth and member service focus, and he is passionate about exceeding member's expectations with the most efficient, easy to use, and cost-effective services. Mike's professional roles have included technical and leadership positions in the engineering, healthcare, and financial industries. His experience includes the following: Technical Director at Telligen Inc., responsible for corporate information systems; VP of Operations at Harland Financial Solutions, responsible for service bureau data processing and software solutions; COO at the Iowa Credit Union League, responsible for the service bureau processing facility; and Industrial Engineering Manager at IBM, responsible for the semiconductor chip and module final test areas. Mike received his BS in engineering from Iowa State University and his MS in engineering from Lehigh University.
